BRANCH.

No. 662 / 6-22. Office of the Inspector-General of Pris
in Mysore,
Dated, Bangalore. 29th April 192
3rd May.

Encl. Report in triplicate
in 3 sets & Annual
Returns. (1623 statements).

From

Dr. H. B. Mylvaganam, F.R.C.S. (Eng).,
Inspector-General of Prisons
in Mysore, Bangalore.

To

S. Hiriannaiya Esqr., M.A., B.L.,
Secretary to the Government of H. H. the
Maharaja of Mysore, General Department,
Bangalore.

Sir,

I have the honor to submit the following report with the usual prescribed statistical returns on the Administration of Jails and Lock-ups in the State for the Calendar year 1921.

2. The report could not be submitted on the due date viz., 15th April 1922 owing to the non-receipt of necessary printed forms from the Press as was reported to Government in this Office letter No.555/9-22 dated 8th April 1922.

3. I remained in charge of the Department throughout the year under report.

4. Divisions.

The report is divided into three parts viz.,

Part I dealing with two Jails at Bangalore and Mysore.
Part II dealing with Lock-ups
and
Part III containing observations on the General Administration of the Department.

5. Classes of Jails and Lock-ups.

The number of Jails and Lock-ups remained the same as in previous years and they are as follows :-

1 Central Jail at Bangalore

6 District Lock-ups at the Head Quarter Towns of Districts except Bangalore and Mysore.

1 Special Lock-up at Kolar Gold Fields.

71 Taluk Lock-ups at the Head Quarter Towns of Taluks and Sub Taluks.

Part I.

JAILS AT BANGALORE AND MYSORE.

Buildings and accommodation.

As the construction of a new Jail at Bangalore is not likely to be taken up for some time owing to financial - stringency, it is necessary that the existing buildings of the Central Jail should be kept in a state of repair in the intere of the Jail population. Unless this is done atonce, the old an dilapidated buildings are likely to be severely damaged during the next rainy season: The P.W.D. has not made any effort to attend to the urgent repairs though their attention was drawn to it. This state of affairs cannot be allowed to continue for ever.

The buildings of the Mysore Jail are in a good state of repairs. The construction of a separate ward for confining civil prisoners in this Jail was completed during the year, bu the construction of the dining sheds has not yet been finished

7. Admissions and Discharges.

The following table (Statement No. 23 General Summary) shows particulars regarding all classes of prisoners admitted and discharged in the two jails during the year under report.

Among the daily average number of 932 convicts 120 or 13.01 per cent were employed as prison Officers in the two jails during the year under report, against 32 or 8.09 per cen of the daily average number in 1920.

23. Statement C. Remission System.

The practice of explaining to the newly admitted prisone the benefit of remission rules contained in Chapter XX of the Mysore Jail Manual is being enforced in both the jails. The number of convicts released under remission rules during the year under report was 232 against 211 in the previous year. The maximum remission gained in days was 2135 (including - special remissions) by a life term convict of the Bangalore Central Jail. Similarly the maximum amount of gratuity earned by another convict of the same jail was Rs. 32 - 9 - 11. The average gratuity earned by convicts released was Rs.0-15-3 against Rs.1-6-7 in the year 1920.

24. Statement No.XVIII. Undertrial Prisoners.

At the beginning of the year there remained in the two Jails 195 prisoners of this class. New admissions numbered 1171 making a total of 1366. Of these 118 were released on bail, 552 were discharged and acquitted by Magistrate, 506 were convicted and sentenced, 57 were transferred and 1 died leaving a balance of 132 at the close of the year.

25. Civil prisoners.

The number of Civil prisoners in the two Jails at the commencement of the year was 9. 109 were admitted and discharge during the year leaving a balance of 9 prisoners at the end of t

The daily average number of this class of prisoners was 5.12.

26. Statement No.IX. Gross Expenditure.

Excluding the outlay on repairs the gross expenditure for the year in the two jails was Rs.1,39, 857-3-11 against Rs.1,30,303-6-10 i.e., Rs.9554-9-1 in excess of the expenditure of the previous year. Out of this amount the expenditure under the head Establishment Charges is responsible for an increase of Rs.9042-10-10 due to the revision of Establishments of the Industrial Section of both the Jails and the balance of excess viz., Rs.511-7-3 is due to the increased expenditure under the head dietary charges consequent on the increase of daily - average number of prison population; and consequently the cost per head in the Jails rose from Rs.125-5-11 in 1930 to Rs.129-9-3 during the year under report.

27. Statements Nos. XI and XII. Employment of Convicts

Among the daily average number of 922 convicts, 862 or 93.49 per cent were available for work, the rest being either convicts under-going simple imprisonment sick and convalescent or infirm or those that could not be employed for other reasons. Out of the convicts available for work 120 or 13.91 per cent were employed as prison officers, 152 or 17.56 per cent as prison servants and 203 or 23.55 per cent on manufactures.

28. Cash Earnings.

The result of employment of convicts on remunerative labour was that a sum of Rs.20899-15-6, was realized as revenue against Rs. 12629-8-8 during the year 1930. The average cash earnings per head of working convicts rose from Rs. 15-5-9 to Rs.24-3-11 in the year under report. The increase in the cash earnings is due to large number of sales effected in the manufacture and the garden departments of both the jails during the year.

29. Net cost of prisoners. Statement No.XIII.

The gross cost of maintenance of prisoners in the two Jails amounted to Rs.1,39,857-8-11 as mentioned in para 26. If the total cash earnings of Rs.20839-15-6 is deducted from the amount, the net cost of maintenance comes to Rs.1,18,957- or Rs.110-3-5 per head against a net cost of Rs.1,17,673-14- or Rs.113-3-6 per head in the year 1920.

30. The proposals submitted to Government for the improvement of Industries in both the Jails were sanctioned during the year under report but owing to the present financial - stringency, it was not possible to indent for necessary plan and machinary and to purchase extra quantity of raw material and consequently there was no appreciable increase in the out put of manufactory during the year.

It is desirable in point of economy, that the present practice of sending prisoners for extra mural work be discontinued. The cost of maintaining the temporary warder establsihment to supervise the extramural work amounts to Rs.5760 per mensem, while the profit accrued to Government for extra mural labour is Rs.600 or so. The rates charged for each prisoner is 2 annas per diem as against 10 annas per diem for an ordinary cooly.

If these prisoners are relieved of the extra mural labour they could be profitably employed in the work sheds which would be remunerative to Government and instructive to the prisoners.

Part II. Lock-ups

31. The District and Taluk Lock-ups in the State remained the same as in previous years.

The question of providing separate guarding establishments to the Taluk Lock-ups where Special Magistrates' Courts are located and the abolition of such of the Taluk Lock-ups where Amildars are not exercising magisterial powers is under -

correspondence with Government.

32. The table given below shows the number of all classes of prisoners admitted and discharged in the Lock-ups of the State during the year under report.

The gross expenditure in all the Lock-ups of the ate amounted to Rs.41,096-14-4 during the year under re ainst Rs.51300-15-4 in 1920. This decrease is mainly du the separation of Police undertrial prisoners from tho

Read:-

Letter No.662/6-22 dated 29th April 1922 from the Inspector General of Prisons submitting a report on the administration of Jails and Lock-ups in the State for the year 1921.

Order No:- F 2816-26

Dated, Bangalore, 16/10/22

Recorded.

2. The number of prisoners of all classes admitted to the Jails and Lock-ups in the State and the daily average of prison population during the year under review were 8552 and 1327.35 against 12,034 and 1372.94 respectively in the previous year. There was a marked decrease in the number of undertrial prisoners from 8311 to 4716 a slight decrease in convictions and the number of ~~convicts~~ with previous convictions ~~admitted was~~ has fifteen cases 275 against 314 in the previous year.

3. The number of juvenile offenders admitted to the Jails increased to 45 from 39 in the previous year, though recommittals among them were 8 against 12 in the previous year. The Inspector General of Prisons is requested to furnish in future reports the nature of the offences for which first offenders among juveniles are committed to prison.

4. The health of the prisoners both in the Jails and the Lock-ups was good, and the year's mortality was normal, working out to 1.21 and 1.09 per cent of the average population of the Bangalore and Mysore Jails respectively.

5. Realizations from the employment of convicts in the Manufacturing Department of the Jails increased to Rs.20899-15-6 from Rs. 12,629-8-8 in the previous year and the average cash earnings of a convict from Rs. 15-5-9 to Rs. 24-3-11. This is satisfactory.

6. The cost of maintenance of prisoners has of late been increasing every year. In the Jails the increase was from Rs. 115-5-11 in the year 1920 to Rs. 129-9-3 per head in the year under review. The rise in this expenditure is particularly marked in the case of the Lock-ups, where the average cost per head has increased from Rs. 127 in the year 1919 to Rs. 154 in 1920 and to nearly Rs.166 in the year under report. Government are inclined to think that this increase is not altogether attributable to the rise in the price of foodstuffs and that the arrangements in vogue for the purcha of foodstuffs for prisoners confined in the Lock-ups are defective. The

Inspector,

General is requested to investigate the matter and take necessary action to bring down the expenditure.

7. Government are glad to note that the weekly religious classes for convicts were regularly conducted in the two Jails. In addition to this instruction, the literate convicts should be encouraged to read suitable books on religion and morals and every facility should be afforded to the prisoners in this direction. The Inspector General of Prisons is requested to improve the libraries maintained in the two Jails in consultation with the Inspector General of Education. The question of deputing a teacher from the Education Department to impart education to illitrate juvenile convicts, is under the consideration of Government.

8. The Report shows that the inspection of Lock-ups did not receive sufficient attention. The number of Lock-ups inspected viz., 44 by the Inspector General of Prisons and 49 by the District Magistrates was far short of the total number. The attention of these Officers is invited to Rules 9 and 14 of the Lock-up Manual which require that every Lock-up should be inspected by the Inspector General of Prisons once a year and by the District Magistrate concerned once in six months. Government desire that ex-officio visitors should also

take greater interest in this matter, as only four lock-ups are reported to have been visited - two by the District Health Officer, Hassan and two by the District and Sessions Judge, Shimoga - and none at all by the Inspector General of Police.

9. It is disappointing that the Mysore Jail was not visited by any non-official visitor during the year under review and that the Central Jail was visited but once by the non-official visitors. The lack of interest shown by the non-officials visitors has been noticed by the Government from time to time. In future, the Inspector General should recommend for appointment as non-official visitors men who are well-known for their public spirit and who take an active interest in social work.

10. As regards the discontinuance of extra-mural employment of convicts and the change of their diet, Government have already considered the Inspector General's proposals and passed orders separately.

11. The question of the extent to which the recommendations of the Indian Jail Committee can be adopted in Mysore is under the consideration of Government and in regard to one of these recommendations viz., the formation of Prisoners' Aid Societies to assist released -

convicts in finding suitable employme for earning their livelihood, Governm are already in communication with the Municipal Authorities of Mysore and Bangalore and they hope that the sche will soon materialise at least in the two Cities.

12. The administration of the Jai and Lock-ups during the year was on t whole satisfactory.

ADMINISTRATION REPORT ON THE WORKING OF THE JAILS AND LOCK-UPS FOR THE CALENDAR YEAR 1921,

WITH THE GOVERNMENT REVIEW THEREON.

Government of His Highness the Maharaja of Mysore.

GENERAL AND REVENUE DEPARTMENTS.

G. O. No. P. 2816-26—Pris. 68-21-3, dated 16th October 1922.

Report on the working of the Jails and Lock-ups in the State for the Calendar year 1921.

Reviews the ——.

READ—

Letter No. 662—6-22, dated the 29th April 1922, from the Inspector-General of Prisons in Mysore submitting a report on the Administration of Jails and Lock-ups in the State for the year 1921.

ORDER NO. P. 2816-26—PRIS. 68-21-3, DATED 16TH OCTOBER 1922.

Recorded.

2. The number of prisoners of all classes admitted to the Jails and Lock-ups in the State and the daily average of prison population during the year under review were 8,552 and 1327·35 against 12,034 and 1,372·94 respectively in the previous year. There was a marked decrease in the number of undertrial prisoners from 8,311 to 4,716 and a slight decrease in the number of admission of convicts with previous convictions the figures being 275 against 314 in the previous year.

3. The number of juvenile offenders admitted to the Jails increased to 45 from 39 in the previous year, though recommittals among them were 8 against 12 in the previous year. The Inspector-General of Prisons is requested to furnish in future reports the nature of the offences for which first offenders among juveniles are committed to prison.

4. The health of the prisoners both in the Jails and the Lock-ups was good, and the year's mortality was normal, working out to 1·21 and 1·09 per cent of the average population of the Bangalore and Mysore Jails respectively.

5. Realizations from the employment of convicts in the manufacturing Department of the Jails increased to Rs. 20,899-15-6 from Rs. 12,629-8-8 in the previous year and the average cash earnings of a convict from Rs.15-5-9 to Rs. 24-3-11. This is satisfactory.

6. The cost of maintenance of prisoners has of late been increasing every year. In the Jails the increase was from Rs. 125-5-11 in the year 1920 to Rs. 129-9-3 per head in the year under review. The rise in this expenditure is particularly marked in the case of the Lock-ups, where the average cost per head has increased from Rs. 127 in the year 1919 to Rs. 154 in 1920 and to nearly Rs. 166 in the year under report. Government are inclined to think that this increase is not altogether attributable to the rise in the price of foodstuffs and that the arrangements in vogue for the purchase of foodstuffs for prisoners confined in the Lock-ups are defective. The Inspector-General is requested to investigate the matter and take necessary action to bring down the expenditure.

7. Government are glad to note that the weekly religious classes for convicts were regularly conducted in the two Jails. In addition to this instruction, the literate convicts should be encouraged to read suitable books on religion and morals and every facility should be afforded to the prisoners in this direction. The Inspector-General of Prisons is requested to improve the libraries maintained in the two Jails in consultation with the Inspector-General of Education in Mysore. The question of deputing a teacher from the Education Department to impart education to illiterate juvenile convicts is under the consideration of Government.

8. The Report shows that the inspection of Lock-ups did not receive sufficient attention. The number of Lock-ups inspected, *viz.*, 44 by the Inspector-General of Prisons and 49 by the District Magistrates was far short of the total number. The attention of these Officers is invited to Rules 9 and 14 of the Lock-up Manual which require that every Lock-up should be inspected by the Inspector-General of Prisons once a year and by the District Magistrate concerned once in six months. Government desire that *ex-officio* visitors should also take greater interest in this matter, as only four Lock-ups are reported to have been visited—two by the District Health Officer, Hassan and two by the District and Sessions Judge, Shimoga and none at all by the Inspector-General of Police.

9. It is disappointing that the Mysore Jail was not visited by any non-official visitor during the year under review and that the Central Jail was visited but once by the non-official visitors. The lack of interest shown by the non-official visitors has been noticed by the Government from time to time. In future, the Inspector-General should recommend for appointment as non-official visitors men who are well-known for their public spirit and who take an active interest in social work.

10. As regards the discontinuance of extra-mural employment of convicts and the change of their diet, Government have already considered the Inspector-General's proposals and passed orders separately.

11. The question of the extent to which the recommendations of the Indian Jail Committee can be adopted in Mysore is under the consideration of Government and in regard to one of these recommendations, *viz.*, the formation of Prisoners' Aid Societies to assist released convicts in finding suitable employment for earning their livelihood, Government are already in communication with the Municipal Authorities of Mysore and Bangalore and they hope that the scheme will soon materialise at least in these two Cities.

12. The administration of the Jails and Lock-ups during the year was on the whole satisfactory.

OFFICE OF THE INSPECTOR-GENERAL OF PRISONS IN MYSORE.

Dated Bangalore, 29th April—3rd May 1922.

FROM

DR. H. B. MYLVAGANAM, F.R.C.S. (ENG.)
Inspector-General of Prisons in Mysore,
Bangalore.

To

S. HIRIANNAIYA, ESQ., M.A., B.L.,
Secretary to the Government of His Highness
the Maharaja of Mysore, General Department,
Bangalore.

SIR,

I have the honour to submit the following report with the usual prescribed statistical returns on the Administration of Jails and Lock-ups in the State for the calendar year 1921.

2. The report could not be submitted on the due date, *viz.*, 15th April 1922, owing to the non-receipt of necessary printed forms from the Press as was reported to Government in this Office letter No. 555-9-22, dated 8th April 1922.

3. I remained in charge of the Department throughout the year under report.

4. *Divisions.*—The report is divided into three parts, *viz.*,

Part I dealing with two Jails at Bangalore and Mysore.
Part II dealing with Lock-ups and,
Part III containing observations on the General Administration of the Department.

5. *Classes of Jails and Lock-ups.*—The number of Jails and Lock-ups remained the same as in previous years and they are as follows :—

1 Central Jail at Bangalore.
1 District Jail at Mysore.
6 District Lock-ups at the Headquarter Towns of Districts except Bangalore and Mysore.
1 Special Lock-up at Kolar Gold Fields.
71 Taluk Lock-ups at the Headquarter Towns of Taluks and Sub-Taluks.

PART I.

JAILS AT BANGALORE AND MYSORE.

6. *Buildings and accommodation.*—As the construction of a new Jail at Bangalore is not likely to be taken up for some time owing to financial stringency, it is necessary that the existing buildings of the Central Jail should be kept in a state of repair in the interest of the Jail population. Unless this is done at once, the old and dilapidated buildings are likely to be severely damaged during the next rainy season. The Public Works Department has not made any effort to attend to the urgent repairs though their attention was drawn to it. This state of affairs cannot be allowed to continue for ever.

The buildings of the Mysore Jail are in a good state of repairs. The construction of a separate ward for confining civil prisoners in this Jail was completed during the year, but the construction of the dining sheds has not yet been finished.

7. *Admissions and discharges.*—The following table (Statement No. 23 General Summary) shows particulars regarding all classes of prisoners admitted and discharged in the two Jails during the year under report :—

	Convicts		Undertrials		Civil		Total		Grand Total

257 or 15·43 per cent were persons in personal service.
551 or 33·23 per cent were agriculturists.
159 or 9·54 per cent were persons engaged in commerce and trade.
196 or 11·76 per cent were persons employed in arts and manufactures.
71 or 4·26 per cent were professional persons.
350 or 20·99 per cent were miscellaneous persons not classed otherwise.

14. *Civil condition of females.*—Out of 84 females admitted into the Jails, there were 40 or 47·62 per cent married women, 14 or 16·66 per cent unmarried, 30 or 35·72 per cent were widows.

16. *Statement No. III—Length of sentence.*—Out of 1,751 convicts that were admitted into Jails nearly ¾ of the number, *i.e.*, 1,522 were short termers not exceeding one year's sentence, 135 had sentences from one year to 5 years, 40 had sentences more than 5 years, 39 had transportation for life and 15 had been sentenced

18. *Nature of offences.*—As in previous years the offence of theft under sections 379 to 381 , 461 and 462 out numbered all other causes of imprisonment and the next comes under hurt and assault. Sections 323, 334, 352 to 355.

19. *Statement No. IV.—Recommittals, habituals and Juvenile Offenders.*—

Out of the total number of convicts admitted into the two Jails during the year, 275 had been previously convicted, of whom 13 were females. The admissions among Juveniles were 45, of whom 8 were recommittals.

20. *Statement No. V—Escapes and recaptures.*—Two convicts escaped from the Bangalore Central Jail and were subsequently recaptured during the year under report.

21. *Statement No. VI—Offences and punishments.*—The number of offences recorded in the two Jails during the year was 508 against 538 in the previous year. Except two offences of escape which were dealt with by Criminal Courts, all the offences were dealt with by the Superintendents of Jails themselves under the authority vested in them by the Prisons Act of 1870, of the offences tried by them 16 or 3·16 per cent were met with corporal punishment against 15 or 2·78 per cent in 1920.

22. *Statement No. VII—Convict officers.*—Among the daily average number of 922 convicts, 120 or 13·01 per cent were employed as prison officers in the two Jails during the year under report against 92 or 8·09 per cent of the daily average number in 1920.

23. *Statement C. Remission system.*—The practice of explaining to the newly admitted prisoners the benefit of remission rules contained in Chapter XX of the Mysore Jail Manual is being enforced in both the Jails. The number of convicts released under remission rules during the year under report was 232 against 211 in the previous year. The maximum remission gained in days was 2,135 (including special remissions) by a life term convict of the Bangalore Central Jail. Similarly the maximum amount of gratuity earned by another convict of the same Jail was Rs. 32-9-11. The average gratuity earned by convicts released was Re. 0-15-3 against Rs. 1-6-7 in the year 1920.

24. *Statement No. XVIII—Undertrial prisoners.*—At the beginning of the year there remained in the two Jails, 195 prisoners of this class. New admissions numbered 1,171 making a total of 1,366. Of these 118 were released on bail, 552 were discharged and acquitted by Magistrate, 506 were convicted and sentenced, 57 were transferred and one died leaving a balance of 132 at the close of the year.

25. *Civil prisoners.*—The number of Civil prisoners in the two Jails at the commencement of the year was 9. 109 were admitted and discharged during the year, leaving a balance of 9 prisoners at the end of the year. The daily average number of this class of prisoners was 5·12.

26. *Statement No. IX—Gross expenditure.*—Excluding the outlay on repairs the gross expenditure for the year in the two Jails was Rs. 1,39,857-8-11 against Rs. 1,30,303-6-10; *i.e.*, Rs. 9,554-2-1 in excess of the expenditure of the previous year. Out of this amount the expenditure under the head establishment charges is responsible for an increase of Rs. 9,042-10-10 due to the revision of establishments of the Industrial Section of both the Jails and the balance of excess, *viz.*, Rs. 511-7-3 is due to the increased expenditure under the head dietary charges consequent on the increase of daily average number of prison population ; and consequently the cost per head in the Jails rose from Rs. 125-5-11 in 1920 to Rs. 129-9-3 during the year under report.

27. *Statements Nos. XI and XII—Employment of convicts.*—Among the daily average number of 922 convicts, 862 or 93·49 per cent were available for work, the rest being either convicts under going simple imprisonment sick and convalescent or infirm or those that could not be employed for other reasons. Out of the convicts available for work 120 or 13·91 per cent were employed as prison officers, 152 or 17·56 per cent as prison servants and 203 or 23·55 per cent on manufactures.

28. *Cash earnings.*—The result of employment of convicts on remunerative labour was that a sum of Rs. 20,899-15-6, was realized as revenue against Rs. 12,629-8-8 during the year 1920. The average cash earnings per head of working convicts rose from Rs. 15-5-9 to Rs. 24-3-11 in the year under report. The increase in the cash earnings is due to large number of sales effected in the manufacture and the garden departments of both the Jails during the year.

29. *Net cost of prisoners—Statement No. XIII.*—The gross cost of maintenance of prisoners in the two Jails amounted to Rs. 1,39,857-8-11 as mentioned in para 26. If the total cash earnings of Rs. 20,899-15-6 is deducted from the amount the net cost of maintenance comes to Rs. 1,18,957-9-5 or Rs. 110-3-5 per head against a net cost of Rs. 1,17,673-14-2 or Rs. 113-3-6 per head in the year 1920.

30. The proposals submitted to Government for the improvement of Industries in both the Jails were sanctioned during the year under report but owing to the present financial stringency, it was not possible to indent for necessary plant and machinery and to purchase extra quantity of raw materials and consequently there was no appreciable increase in the out-put of manufactory during the year.

It is desirable in point of economy, that the present practice of sending prisoners for extra mural work be discontinued. The cost of maintaining the temporary warder establishment to supervise the extramural work amounts to Rs. 5,760 per mensem, while the profit accrued to Government for extra mural labour is Rs. 600 or so. The rates charged for each prisoner is 2 annas per diem as against 10 annas per diem for an ordinary cooly.

If these prisoners are relieved of the extramural labour they could be profitably employed in the work sheds which would be remunerative to Government and instructive to the prisoners.

PART II.

LOCK-UPS.

31. The District and Taluk Lock-ups in the State remained the same as in previous years.

The question of providing separate guarding establishments to the Taluk Lock-ups where Special Magistrates' Courts are located and the abolition of such of the Taluk Lock-ups where Amildars are not exercising magisterial powers is under correspondence with Government.

32. The table given below shows the number of all classes of prisoners admitted and discharged in the Lock-ups of the State during the year under report:—

	Convicts		Under-trials		Civil		Total		Grand Total
	Males	Females	Males	Females	Males	Females	Males	Females	
Remained at the commencement of the year.	53	0	214	10	0	0	267	10	277
Admitted during the year ...	1,736	93	3,424	133	7	0	5,167	226	5,393
Discharged during the year ...	1,743	90	3,411	133	7	0	5,161	223	5,384
Remained at the end of the year.	46	3	227	10	0	0	273	13	286
Daily Average ...	60·50	4·23	176·10	6·57	·59	0	237·19	10·85	248·04

From the table it is seen that at the beginning of the year under report, there remained in the Lock-ups of the State a total population of 277 prisoners of all classes, 5,393 were admitted, 5,384 were discharged from all causes and 286 remained in confinement at the end of the year. The daily average number of prisoners was 248·04 against 333·59 in 1920.

33. Out of 5,393 admissions the number of convicts was 1,829, undertrials 3,557 and the Civil prisoners 7.

34. Out of 1,829 convicts admitted into the Lock-ups of the State during the year, 998 convicts were of one month's imprisonment and under, who underwent their sentences in the Lock-ups; of whom 936 or 93·79 per cent were males, 62 or 6·21 per cent were females.

35. *Religion.*—Out of 998 admissions there were 80 Native Christians, 151 [illegible] 749 Hindus and 19 Buddhists and Jains and other classes

35. *Age.*—Among 998 admissions into the Lock-ups, 18 prisoners were under 15 years of age, 851 were between 16 and 40, 124 were between 40 and 60 and 5 were above 60.

37. *Education.*—Classified according to education, 209 were able to read and write, 18 were able to read only and 771 were illiterate.

38. *Previous occupation.*—Out of 998 convicts admitted into the Lock-ups of the State during the year under report there were 936 males of whom :—

29 were Government or Municipal servants.
10 were persons in personal service.
17 were professional persons.
443 were agriculturists.
46 were persons engaged in commerce and trade.
139 were employed in mechanical arts and manufactures.
252 were persons engaged in miscellaneous work not classed otherwise.

39. *Civil condition of females.*—Out of 62 female convicts admitted into the Lock-ups.

31 were married.
6 were unmarried.
23 were widows and
2 were prostitutes.

40. The number of convicts released from the Lock-ups from all causes during the year was 1,833 of whom :—

788 were sent to Jails within the State to undergo sentence.
114 were released on appeal.
926 on expiration of sentence.
1 transferred to Lunatic Asylum.
2 escaped and
2 died.

The balance at the close of the year was 49 and the daily average number was 64·78.

41. *Under-trial prisoners.*—At the beginning of the year under report there remained in all the Lock-ups of the State, a total number of 224 undertrial Prisoners; 3,557 were admitted during the year, making a total of 3,781. Of these, 483 were released on bail, 1,146 were discharged and acquitted by Magistrates, 1,601 were convicted and sentenced, 310 were transferred from one Lock-up to another and 4 escaped, leaving a balance of 237 at the close of the year. The average period of accused undertrial was 24 days during the year under report against 19 days in 1920. The practice of clubbing together the Police undertrials with those under remand from the Magistrates and meeting their dietary charges from the Jail Budget was put a stop to during the year as per Government Order No. G. 7448-50—Pl. 137-19-7, dated 4th October 1920.

42. *Civil prisoners.*—Seven prisoners of this class were admitted in the District Lock-up at Chitaldrug during the year under report and they were all released leaving no balance at the end of the year.

43. *Expenditure in Lock-ups.*—The gross expenditure in all the Lock-ups of the State amounted to Rs. 41,096-14-4 during the year under report against Rs. 5,1300-15-4 in 1920. This decrease is mainly due to the separation of Police under-trial prisoners from those remanded by the Magistrates and meeting their dietary charges from the Police Budget, but the cost per head rose to Rs. 165-10-11 during the year from Rs. 153-12-6 per head in the year 1920 owing to the high rates at which the ration articles had to be purchased.

44. *Employment of convicts in Lock-ups.*—Convicts confined in the Lock-ups are employed on unremunerative work such as cleaning the Lock-up premises and in preparing food to the inmates of the Lock-up, etc. No amount is therefore shown as earnings in any of the Lock-ups except in the District Lock-up at Hassan where prisoners were employed in gardening and an amount of Rs. 14-10-0 was realized during the year under report.

45. *Observations on the General Administration of the Department.*—The year under report opened with a balance of 1,418 prisoners of all classes confined in the Jails and Lock-ups of the State. 8,552 prisoners were admitted, 8,560 were discharged from all causes and 1,410 remained in confinement at the end of the year. The daily average number of prisoners was 1327·35 against 1372·94 in the previous year.

46. The gross expenditure incurred in the department during the year was Rs. 1,80,954-7-3 against Rs 1,81,604-6-2 or Rs. 136-5-3 per head of average strength against Rs. 132-4-4 per head during 1920.

47. Mr. Mahomed Obeidulla was in executive and general charge of the Bangalore Central Jail throughout the year and Drs. Abboy Naidu and Narain Rao were in Medical charge of the Institution, the former from the 1st January to 1st July 1921 and the latter from 1st July 1921 to the end of the year respectively. Dr. B. K. Narayan Rao was in General and Medical charge of the Jail at Mysore throughout the year.

48. The health of prisoners in the Jails and Lock-ups of the State was good throughout the year. The total number of deaths of all classes of prisoners being 14 against 15 in the year previous, out of 14 deaths 13 were convicts and one was an under-trial prisoner.

49. There were 9 deaths among convicts in the Bangalore Central Jail, 2 in the Mysore Jail and 1 each in the District Lock-ups at Kolar and Shimoga due to the following causes:—

Bangalore Central Jail.—

2 due to Pneumonia
2 „ „ Diarrhœa and Dropsy
3 „ „ Malarial-fevers
1 „ „ Tuberculosis
1 „ „ Brights disease.

Mysore Jail.—

2 due to Influenza and Pneumonia

District Lock-up, Shimoga.—

1 due to Pneumonia

District Lock-up, Kolar.—

1 due to Influenza

50. The percentage of deaths among convicts when compared with the average strength will work out thus—

	Average No. of convicts	Deaths per-cent
Bangalore Central Jail	739	1·21
Mysore Jail	183	1 09
District Lock-up, Kolar	15·10	6·62
District Lock-up, Shimoga	11·36	8·80

51. The occurrence of one death among under-trial prisoners was in the Bangalore Central Jail.

52. Mortality among convicts according to length of original sentence. Of the 13 deaths among convicts occurred among those who were undergoing sentences not exceeding six months, 4 among those whose sentence did not exceed one year, 1 among those whose sentence did not exceed 3 years and 2 among those whose sentence was above 7 years.

53. *Mortality according to the length of time passed in the Jail.*—Out of the total number of deaths among convicts, 7 died within six months after admission to Jails, 4 within one year, 1 within two years and 1 within seven years.

54. *Accommodation.*—There was overcrowding in the Bangalore Central Jail and in the Taluk Lock-up at Closepet during the year under report. Some of the prisoners were transferred to Bangalore Central Jail from the Lock-up at Closepet for want of accommodation.

Provision needs to be made for separating habituals from the casuals and the juveniles from adults.

(STATEMENT B. No. 20.).

55. *Condition of convicts discharged.*—The total number of convicts discharged during the year was 3,666 against 3,472 in 1920. Of these 1,833 convicts who were released from the Lock-ups were not weighed as the system of weighment is not in force in Lock-ups. Out of the remaining 1,833 convicts who were released from Jails 918 had gained weight, 291 had lost weight and the remaining 624 had neither gained nor lost.

56. There was no change in any of the Jails and Lock-ups of the State in the arrangements for drainage and conservancy.

57. *Diet.*—Articles of diet as prescribed in the Jail and Lock-up Manuals were issued to prisoners confined in Jails and Lock-ups of the State, the tender system being followed as usual in procuring the articles of diet.

The following alterations are suggested to be effected in the present diet scale:—

4 oz. of meet a week now allowed to Indian Prisoners is to be stopped.

All the extra ingredients except chillies, coriander and turmeric used in making curry stuff may be eliminated.

58. *Water-supply.*—The water required for the use of prisoners in the 2 Jails at Bangalore and Mysore and at the Lock-ups at Kolar, Chikmagalur, Chitaldrug, Harihar and Kolar Gold Fields is obtained from pipe connection of the Water-supply Department, but in all other Lock-ups, it is obtained from wells situated in or near the compounds of the Lock-ups concerned. The supply was abundant and wholesome throughout the year with the exception of a few weeks during the hot season when the supply in the Mysore Jail was very scarce and much difficulty was experienced in getting the required quantity of water from outside taps.

59. *Clothing and bedding.*—Clothing and bedding were issued to prisoners according to seasonal requirements and rules in force.

60. *Religious and moral instructions in Jails.*—Religious teachers of different denominations were allowed to hold religious classes in the Jails on every Sunday for prisoners of their respective persuation and the arrangement worked satisfactorily during the year under report. The prisoners who were literate were also allowed to have the use of religious books to read in their leasure hours. Proposals regarding the deputation of a teacher from the Educational Department to teach adult convicts for an hour in the Jail have been submitted to Government and their orders are awaited.

61. *Inspection of Jails and Lock-ups.*—The Central Jail of Bangalore and the District Jail at Mysore, were inspected by me once in detail during the year under report. In addition to the detailed inspection, I visited the Central Jail once and the District Jail at Mysore three times during the year. Five District Lock-ups, 1 Special Lock-up and 39 Taluk Lock-ups were also inspected by me once in detail during the year.

The total number of Lock-ups inspected during the year by the District Magistrates of all districts is 49.

62. *Non-official visitors.*—The non-official visitors of the Bangalore Central Jail visited the Jail once during the year, but those appointed to the Mysore Jail did not pay any visits to the Jail during the year under report.

63. *Official visitors.*—The Sanitary Commissioner in Mysore, the Sessions Judge, Bangalore Division, and the District Magistrate of Bangalore, visited the Bangalore Central Jail once during the year under report. The District Health Officer of Hassan, visited the Taluk Lock-up at Arsikere and Arkalgud once during the year and the District and Sessions' Judge, Shimoga, visited the District Lock-ups at Shimoga and Chikmagalur once during the year.

64. Establishment of a Reformatory for Juvenile offenders, stopping the extramural labour in both the Jails and the revision of the present diet scale in accordance with the suggestions proposed in para 57 above, require early consideration and settlement by Government.

65. *Warder establishment.*—There is much discontent among the warder staff as the scale of pay recently revised by Government is not higher than that of a Police constable though the nature of their work is more tedious and monotonous than that of an ordinary constable.

66. The staff of my office has worked satisfactorily during the year.

67. On the whole the health, discipline and conduct of prisoners were good throughout the year.

I have the honor to be,
Sir,
Your most obedient servant,
H. B. MYLVAGANAM,
Inspector-General of Prisons.
